Dear Joe:

**RE: All Peace Protection at Murray River Mine Site.**

Although I am no longer engaged in day to day activities at the HD Mining International Murray River Mine Site near Tumbler Ridge, BC, I do want to write and congratulate you and your staff for the very professional and helpful way they carried out their duties to assist me between October, 2013 and March 2014.

All of the staff I came into contact with were polite and professional and did a good job under sometimes awkward circumstances to maintain the security of the site and the safety of the workforce there. A.J. Sheppard was particularly helpful organizing some of the administrative details of the work.

I would have no hesitation in recommending your company, or the employees I dealt with on a long term basis, to any of DMT's clients. Best wishes to you and all your staff for the future.

Yours Truly  
**DMT Geosciences Ltd**
