RE: Reference - All Peace Security

All Peace Security have worked alongside Louisbourg Pipelines, providing camp security services since 2008. I became familiar with All Peace Security when we required additional support to the already existing camp security services for our 600 man camp outside Manning (2008).

All Peace Security impressed me so much with their skill level and conscientious work ethic that I recommended them for all our camps for the next year of work. This was the beginning of a mutually beneficial relationship. I have had the pleasure of working with many of the same personnel for several years. In particular Peter Sanele, Faalii Alaimoana and Joe Alaimoana have provided consistent excellence and superb on call support. I have worked with Peter & Joe for the past 5 years. This consistency is remarkable and greatly appreciated. All Peace is quick to respond to a variety of needs and with their flexible, positive approach they are able to efficiently respond and adapt as necessary to the needs of the client. My experience with All Peace is that they are always willing to go above and beyond our expectations. They are an integral part of the camp environment and provide much well needed support to the camp staff, particularly the front desk. All of the security personnel have learned how to use the Camp Manager program and are adept at checking guests in/out of camp. This is a huge support to camp management.

Over the years All Peace has refined their reporting system. Reports are clear, legible and understandable. I look forward to working with All Peace for many years to come and wish them luck in all their new endeavors.

If you have any further questions please do not hesitate to contact me.

Thank you.

Connie Brown
